

Recommendation Letter

7/29/26

To whom it may concern,

It is my pleasure to offer my recommendation for Tyler Said. I have been working alongside Tyler for about 4 years now, since 2022, as his manager in the coffee bar at Nugget Market. I have been lucky to have Tyler as a part of my team because he definitely makes an impact on the total department.

I have witnessed firsthand that Tyler is dedicated to his personal and professional growth. For a majority of the time that he has been my associate, he has balanced working full-time and completing his schooling. He has always displayed a strong work ethic and his performance never wavered from his busy schedule. He has proven to be extremely reliable, always coming to work on time and with a positive attitude, ready to tackle any challenges of the day. The state of our department is heavily influenced by “how busy” the day has been and on our busiest days when we are down a shift, I have relied on Tyler to help me get the department back on track. He delivers high-quality work under pressure and he maintains a high level of productivity, ensuring that he completes as many tasks as he can from start to finish.

Tyler also shines in guest service where he has proven to be patient and helpful to each and every guest. He communicates with natural warmth, making all our guests feel important. His knowledge on our offerings is an asset because he is able to listen and confidently make recommendations based on what the guest is looking for. He has the ability to turn a challenging situation into a positive experience which is sure to be an asset in any environment working with people.

What impresses me most about Tyler is that over the span of the past 4 years, I have watched him grow so much because he has been committed to constant learning. Every time he has been coached, he shows immediate efforts to improve and has proven to me that he treats each day as a learning opportunity. As a recent graduate, he does not just rely on what he already knows; he actively seeks out feedback and looks for ways to improve his overall performance.

I am confident that with any new opportunity, Tyler will bring this same energy of work ethic, reliability and commitment to your company. I give my highest recommendation on his behalf. If you have any further concerns, feel free to contact me and I can expand on my recommendation.

Sincerely,

Isabel Pe Benito
